<b>Oregon Watershed Enhancement Board - OWEB</b>		
Local Capacity-SWCD Funds provided to one Soil and Water Conservation District (SWCD) to implement the Agricultural Water Quality Management Area Plan to the fullest extent practical. This project includes providing outreach and technical assistance to local landowners to: 1) promote and implement the Oregon Plan for Salmon and Watersheds; 2) improve landowner involvement in conservation activities that enhance water quality and habitat for salmon; and 3) develop assessments and apply strategies to achieve the goals of the Oregon Plan.	141,860	
Monitoring Funds provided for a real-time water quality monitoring network.	67,222	
Outreach Provided funding for several outreach programs tied directly to restoration, water quality and conservation efforts through school programs, teacher mentoring, workshops, presentations, field tours, and events.	62,914	
Restoration Eight grants provided funding for a variety of restoration projects that include addressing noxious and invasive plants; creating irrigation efficiencies; and improving riparian and instream habitat, and fish passage. For example, a dam removal project solves fish passage problems associated with two dams by removing the outdated structures.	1,011,915	
Technical Assistance Funds provided for technical design assistance for a dam removal project; assisted with the consolidation of several Rogue River Watershed Councils; assessed and prioritized riparian and instream projects; and enabled a feasibility analysis for moving forward with priority fish passage barrier projects.	276,474
