Oregon Watershed Enhancement Board - OWEB		
Local Capacity-SWCD Funds provided to one Soil and Water Conservation District (SWCD) to implement the Agricultural Water Quality Management Area Plan to the fullest extent practical. This project includes providing outreach and technical assistance to local landowners to: 1) promote and implement the Oregon Plan for Salmon and Watersheds; 2) improve landowner involvement in conservation activities that enhance water quality and habitat for salmon; and 3) develop assessments and apply strategies to achieve the goals of the Oregon Plan.	141,860	
Outreach Provided funding to reach students, landowners/managers and members of the general public using workshops and hands-on activities linked to restoration projects to increase knowledge and understanding of the value of healthy, functioning natural systems in the watershed.	18,242	
Restoration Eighteen grants provided funding for a variety of restoration projects that include addressing invasive plants; managing western juniper; improving grazing management; developing off-stream watering sites; installing riparian exclusion fencing; improving water quality, riparian, upland, and instream habitat, and fish passage. For example, as part of a phased project, 132 acres of old farm fields along Pine Creek were restored.	964,471	
Technical Assistance Funds were provided to: assist landowners with technical assessment and design assistance in support of the Conservation Reserve Enhancement Program; complete designs for a restoration project focusing on instream habitat improvements (including addressing Russian olive) and installation of livestock exclusion fencing; conduct a stream habitat inventory; and develop a watershed action plan.	145,661
